The screenshot shows the Jenkins web interface at localhost:8080/newView. The left sidebar contains navigation links: New Item, People, Build History, Project Relationship, Check File Fingerprint, Manage Jenkins, and My Views. Below these are sections for 'Build Queue' (showing no builds) and 'Build Executor Status' (showing 2 idle executors). The main area is titled 'New view' and has a form with 'Name' (containing 'assignment7') and 'Type' (with radio buttons for 'Build Pipeline View', 'List View', and 'My View'). A 'Create' button is at the bottom right of the form. The top navigation bar includes a search bar and a user profile 'Admin' with a 'log out' link. The browser's taskbar at the bottom shows various application icons and the system clock at 12:40 on 06-07-2023.

The screenshot shows the Jenkins 'Installed plugins' page. A search bar at the top contains the text 'pipeline'. Three plugins are listed: 'Build Pipeline Plugin 1.5.8', 'Docker Pipeline 563.vd5d2e5c4007f', and 'Pipeline 596.v8c21c963d92d'. Each plugin entry includes a description, a 'Report an issue with this plugin' link, a toggle switch, and a red 'X' icon. The 'Build Pipeline Plugin' entry has a warning message: 'Warning: The currently installed plugin version may not be safe to use. Please review the following security notices: • Stored XSS vulnerability'. The 'Docker Pipeline' entry has a message: 'This plugin is up for adoption! We are looking for new maintainers. Visit our Adopt a Plugin initiative for more information.' The 'Pipeline' entry has a message: 'A suite of plugins that lets you orchestrate automation, simple or complex. See Pipeline as Code with Jenkins for more details.' The left sidebar shows 'Dashboard > Manage Jenkins > Plugin Manager' and 'Installed plugins' is selected. The bottom of the page shows the system clock at 12:42 on 06-07-2023.
